教育局於2022年9月初公布課程發展議會編訂的《小學教育課程指引》（試行版），並以「立德樹人重啟迪 創造空間育全人」為主題，而「培養廣泛閱讀的興趣和主動閱讀的習慣，以理性和負責任的態度運用資訊及資訊科技」是小學教育更新的七個學習宗旨其中之一。為了培育學生以理性和負責任的態度運用資訊及資訊科技，本校除了在不同科目之中有相關的課程教學內容外，本校於本年度下學期更喜獲優質教育基金撥款約28萬元，讓課程發展組由2023-24年度起發展更完備的資源及製作相關校本教材，優化學生媒體和資訊素養教育，期望透過多元化的教學活動及教學材料強化學生相關的知識、技能和態度，培育學生合乎道德地及有效地運用資訊和資訊科技，成為負責任的公民和終身學習者。

在「培養廣泛閱讀的興趣和主動閱讀的習慣」方面，本人感謝全校老師歷年對學生閱讀的重視，多年來購置大量學生喜歡的課外讀物供學生閱讀，積極提升學生的閱讀興趣。此外，學校亦透過趣味性的跨學科閱讀計劃營造濃厚的閱讀氣氛，從中教導學生多種閱讀策略和寫作技巧，並以「高參與、高展示」的策略來展現學生的學習成果。在老師及家長的支持和同學的努力下，本人喜見英文科於本年度榮獲由香港資優教育教師協會舉辦的「大灣區資優創意徵文比賽」卓越團體大獎，當中三信盧柏勤同學獲得星中之星獎，另外亦有八位同學（包括三信葉靖翹、三信洪鈞樂、五望陳子昶、四信馬樂羣、五愛陸胤崢、三望陳諾、六信蔡經昊及五信李旻熹）分別獲得金、銀、銅獎，成績十分優異；此外，四信鄭熙慧及三信高麗娜同學參加了全國青少年語文知識大賽「菁英盃」現場作文決賽，她們分別獲得二等獎及三等獎，值得嘉許。

本校歷年所出版的「成果集」，就是一個為同學而提供的創作及分享平台，讓同學透過閱讀朋輩的佳作，提升他們的閱讀興趣、寫作能力及審美眼光。本人很高興歷年的「成果集」都收集了很多文筆流暢及充滿創意的作品，作品內容亦十分豐富，有些記載了學校生活，有些是故事或短詩創作，有些是日常生活的難忘事情或是生活趣事，林林總總的題材及豐富的內容，反映出同學豐富的想像力及良好的創作力；此外，「成果集」亦輯錄了很多本校學生的精彩視藝佳作，十分值得同學欣賞。

正所謂「日計不足，歲計有餘」，持之以恆地每天積累點滴的進步和變化，就會帶來巨大的成果。盼望同學能在每天的時間表上作出一些刻意安排，建立每天閱書的習慣，每天都累積一點點的知識及學問，久而久之，就能有很大的收穫。願神祝福我校每位同學都喜愛閱讀，從而擴闊視野，增加人生智慧，並讓生命充滿更多樂趣！

I am a Computer

Hi! Can you guess who I am? Let me give you some clues:

The clues are:

I can be used in online projects and I am one of the important tools for business proposals. Also, kids use me to play video games or do some relaxing activities such as listening to music or watching cartoons.

Congratulations! You have completely guessed who I am. Yes, I am a computer!

However, most people use me in a wrong way. They are just using me for playing games, watching cartoons or movies. Only then did I become a devil. But why? When people sit for too long and get closer to the screen, their eyes will be strained and dry up, and their eyesight will become worse. Secondly, excessive use of computers will lead to your concentration and face-to-face communicative ability dropping down seriously. Also, our privacy can be exposed and fake news spreads out easily if we spend too much time on the internet. Moreover, this results in laziness for both kids and adults.

Sometimes, people use me in a good way. They use me to help them save many important Excel and Word files to finish their tasks in a few seconds. As for kids, they use me to do research for some useful information from the internet for homework, helping to improve their knowledge, or join any online educational activities easily. Adults, use my internal tools to complete their projects in business. During the COVID-19 period, they used me as a work-from-home setup. Lastly, both kids and adults are using me to keep in contact with their overseas relatives and friends easily.

Now, you should understand the advantages and disadvantages of using a computer. So do you have an idea on how to use me? I hope you all use me correctly!

I am a Computer

Today is a sunny day. I get bored easily on sunny days because my buddy Samuel and his family always go to parks for fun and leave me at home. Let me tell you what I usually do when I am free.

First I consume my food peacefully. I have plenty of time to relax as Samuel is not feeding me data for the moment. I feel great when my battery is full. I love my food. Do you know what my food is? It is electricity! I need electricity to keep myself powerful to absorb knowledge from the internet. Samuel likes surfing the web with me. We learn so many things together. That makes me happy.

After the big meal, I look for the weird creature in the house to kill time. Can you guess what it is? It likes eating and sleeping. It has four legs, long whiskers and a long tail. It has a hobby which is licking its fur and paws. This is weird to me because I cannot imagine what animal fur tastes like. I enjoy watching it wander around the house. When it is tired, it jumps on the desk and lays on me. It is so warm but very heavy. It should lose some weight.

I love everyone in this house. They are kind-hearted. Although we have different appearances and personalities, we get on well. Sometimes I read sad news with Samuel about wars on Earth, people are suffering. I think people should try their best to embrace each other and be friendly. I wish the world would become a better and happier place!

I am a Computer

I am a computer. My owner is Boaz. When I first met him, he was six. He said, "Cool! It's my computer!" He played with me for at least 3 hours a day. He opened a window called Google Meet, and he met many classmates and teachers there. I know some of his classmates. Lemon and Leo are very diligent. Joe is funny, he always makes Boaz laugh. They learnt a lot from the teachers.

Teachers sometimes build a Word wall, sometimes build a spinning wheel. They are very interesting. I will tell you a secret - I saw Boaz sometimes playing other things during the online lessons. Please don't tell his teachers. Shh!

Boaz likes playing with "PowerPoint" and "3D Paint". He can draw the sun and the moon. He can also draw clouds and birds. He made 3D pictures and coloured them. He copied and pasted the pictures to the PowerPoint, and I made them animated. Boaz was very happy when the pictures were moving.

Boaz sometimes connects me with a tube. I call it YouTube. Once we are connected, many things will appear on the screen: Pokémon battling, Mickey Mouse playing in the clubhouse, Peppa Pig oink, etc. They are all Boaz's favourite cartoon characters.

Boaz is eight years old now. I feel lonely but happy. I am lonely because he plays for less than one hour with me every day. I am happy because he can meet his teachers and classmates at school. Boaz meets me once he has free time and I have new owners—Boaz's mum and dad!

We are now in the era of A.I.

Have you found that there are many A.I. products around you? The world has become more and more convenient. Such as market retailers, transportation, education, medical treatment, home appliances, health check and many more. Because we are now in the era of A.I., let me tell you about the A.I. world surrounding me.

At school, I can see recognition and temperature detectors to check our body temperature. We don't need to use infrared thermometers. In my classroom, teachers can use websites to teach us more details about textbooks. They use YouTube or Google A.I.....Teachers don't need to type any words, they just need to ask YouTube or Google A.I. for some keywords to search for information or video.

I have A.I. in my house too, such as Robot Vacuum to help my parents with the cleaning. I have also got a smart TV, I only need to use my voice in order to watch some of my favourite programmes or movies. When I don't know how to do my homework, I can use my phone to help me to search for it. I can use Google or talk to my smartphone to solve the problems I'm stuck with.

When I go out shopping, I don't need to bring any cash with me. I can use payment apps such as Octopus, Alipay, and PayMe to buy whatever I want.

Although A.I. makes our lives easier, interpersonal communication and creativity cannot be replaced by A.I..... In the future, A.I. helps us save time, and we can use more time to create this world. Even if you like it or not, A.I. is already increasing its use in our daily lives.

I am a Computer

I am a computer. I am working non-stop every day. I am usually very busy. All the people are using me at work. I can help people to check information. However, I will get sick sometimes, because I have to visit so many places. Therefore I will easily get a virus. People need to protect me by giving me protection software inside my body.

I am living in a family where Enoch is my best friend. He uses me to check information about funny videos. He usually watches them on public holidays, and most of the other time his mum uses me for work.

I like to help people to look for something they don't know. Therefore, I also know a lot of secrets from them, but I will not tell others. They trusted me very much because I help them all the time. I am a very good friend of the people.

We are now in the era of A.I.

One bright Tuesday morning when James woke up, someone was saying, "Good morning, James! Today you'll have school and remember you have after-school badminton practice, and then you have plans to play with your best friend."

"Thanks, Pepper, what should I wear today?" James asks.

"Today is 15°C so you should wear warm pants and a coat", suddenly the closet slides open at the same time clothes are waiting for him on a hanger.

James gets dressed and goes to the kitchen while his family is having breakfast.

"What would you like for breakfast?" Pepper the robot continues, "I recommend eggs, whole-grain toast and an apple. That would be a well-balanced meal."

"That sounds good", James smiles. Pepper serves him a plate of food. James picks it up and starts to eat. Fifteen minutes later Pepper said, "It's time for school."

James hears a beep outside the door, he jumps out of the chair, the door opens and he sees his smart watch and his backpack are right there.

"See you later honey!" James' mom says and then kisses his cheek.

"Bye, mom!" James runs out, in a moment the family van drives in front of him, and he gets into the van. There's no one in the driver's seat, it's driving itself!

"Buckle up", the van says, "Your school is five minutes away." On the way, the van starts playing his favourite music.

Can you imagine living in a world where computers and robots are smart enough to do all of these amazing things? Believe it or not, this world is not very far away.

Artificial Intelligence, in short form A.I., has been getting into all parts of our lives. From our smartphones, computers and household appliances, to advanced applications in medical science, disease treatments and even space projects. They consist of very complicated machines that are able to collect vast amounts of information, including facts, human behavior, voices, graphics, etc. They learn based on our reactions and feedback, collect all the data and find out patterns matching similar to our interests. They are able to think about and predict human interests and preferences.

Nowadays A.I. has been transformed into Humanoid Robots that are so similar to humans. For example, the latest invention robot - Ameca. Ameca is the most advanced human-shaped robot that has emotions just like a human. Its eyes are cameras with face recognition functions, so it can remember people that they have met before. It has facial expressions and body movements 90% human-like and it can engage in a conversation with us. If you poke its nose, Ameca will show its angry face and push your hand away. Making friends with robots is no longer a dream.

What will the relationship between A.I. and humans be like 50 years later? Will Humanoid A.I. replace humans? Not yet, I think humans and A.I. are just like a teacher and students, so A.I. is still under our control by us. But there is no doubt that A.I. changes our lives so much and will continue to be more and more important to our future world. Therefore, we have to learn to communicate and understand A.I. before we can make good use of them.

We are now in the era of A.I.

A.I. is called Artificial Intelligence. Currently, we live in the era of A.I., which means that we are surrounded by machines and other technology which can think and act like humans. A.I. is reshaping our lifestyles, and while some people look positively at it and feverishly await the next innovation, but I feel that A.I. is disrupting my daily life.

The main reason for this thought is that it has been a long time since my mother came to my bedside to wake me up on her own, but now instead of her, there is an intelligent alarm clock. If I cannot calculate the correct answer to a math problem that the clock asks me for within five minutes, I am greeted with a huge constant noise. In comparison to this, my mother's yelling when I wake up late is much sweeter.

Due to the nature of A.I., I feel that I have lost my privacy in my own home! Now, there is no way for me to secretly watch TV, play video games, eat snacks, and so on, even when my parents are not at home. This is because the A.I. camera can automatically record everything I do at home. In addition to this, A.I. terrifies me, as if there is a ghost in my house. At night I can still feel the weird light from the machine watching me. It is scary to have smart machines at home surrounding me like invisible human beings.

Even though I am a little afraid of some A.I. products, I still decided to embrace A.I.....It is because I have many intelligent machines that I can play with. For instance, I love talking to my smartwatch, even if sometimes it doesn't know how to answer my questions, but it always tells me jokes and often makes me laugh. It is just like my friend and makes me feel not so lonely.

All in all, A.I. has woven itself into our daily lives in ways we may not even be aware of. The A.I. era is not a perfect one and has its own problems; like A.I. products will do exactly what you ask them to do, not what you want them to do. Such imperfect parts are just like many things in life, but I am sure that A.I. may well be the most influential human innovation in history, and I will one day find my way to live more comfortably in the A.I. era.

We are now in the era of A.I.

Humans have started to develop highly intelligent robots known as artificial intelligence (or A.I. for short). As time goes by, we may start to see these A.I.s in our everyday lives more and more. Some people may say that in the future, robots and A.I.s might take over many common jobs, or even advance and grow themselves to overtake humanity. This might not be necessarily true, but there is a possibility. Now, I will explain to you about A.I.s functions and uses.

The way artificial intelligence works is mainly by its robotic “body” parts that help it (much like a human) move around. Most A.I.s are controlled by a human by a controller or on a computer, but some more advanced ones can often move around and control themselves independently, that is to say, without human help. A.I.s always have robotic parts such as microchips and sensors installed with a camera so they can be aware of their surroundings.

The five senses are one of the most important things to human beings, and we have also been able to let robots almost the same. Normally, we have five basic senses: sight, smell, hearing, touch and taste. While A.I.s cannot truly have these senses, humans have found ways to let them imitate some of them. The sight of A.I is very simple, robot vision, which will come from video cameras that feed the images to the robotic “brain”, can do exactly that with minimal effort. For the sense of smell, Mexican researchers have invented an “E-nose” that can detect certain smells, however, it is not yet very advanced. The touch might be a bit more complex, scientists have made a special type of “skin” for robots that will contain thousands of sensors that can detect things like force and temperature. As for taste, it might seem like a useless and unnecessary sense for a robot. But they can be used to try experimental food that may be dangerous to humans. However, this method is not yet known to be possible. Last but not least, hearing can also be used on A.I.s to track down sounds in the ocean or undiscovered places. They will have microphones that would be much more accurate than human hearing.

The ordinary artificial intelligence's job was to do repetitive jobs like toy making and car assembling. They would also do jobs that were dangerous for humans such as lifting or wielding heavy objects or underground and underwater exploration. Also, A.I. could be used a lot for space projects and exploration. A.I.s even played a huge role in exploring Mars and in space stations, refuges, and satellites. In fact, NASA (National Aeronautics and Space Administration) had space robonauts (robotic astronauts) designed to do repairs in space and to explore new places in our Solar System. Another place where A.I. robots are helping humans is in the military. Soldiers often face difficult and dangerous situations, so intelligent robots can be used to spy on enemies, explore landscapes, and even launch attacks. Nonetheless, robots can work quickly, efficiently, and tirelessly, making them quite a suitable replacement for factory and exploration jobs.

To sum it all up, artificial intelligence can prove to be just as clever as its creators, human beings. They are undoubtedly useful in many different ways and may even be deadly if used for evil. These robots can easily be controlled and could become an essential part of our lives and world development, they are in fact a wonderful invention.

What if I were a Super Computer

Nowadays, can we live without computers? Computers assist us in so many aspects of our daily life. However, when there are more complex difficulties, we would need a supercomputer. It's like thousands of regular computers working together. If I were a supercomputer, I would use my 'computer powers' to tackle those challenges.

Covid-19 has been rampaging through the entire world since 2019 and though vaccines have already been invented, the virus is still out there spreading, ruining the economy and even taking lives. If I were a supercomputer, I would calculate a formula to execute every single Covid-19 virus. Then I could finally see my friends and myself without a mask.

Solving a Rubik's cube could be challenging for a lot of people. If I were a supercomputer, I would conquer the 3x3 Rubik's cube, the mirror cube, the pyraminx, the megaminx, and so on. I would also beat the world record for solving all of these cubes. Afterwards, my classmates would admire me.

I guess no video gamer stands a chance against a supercomputer. If I were a supercomputer, I would dominate all video games, claiming the throne of best gamer.

I'm powerful, invincible, and unstoppable is what I would be feeling if I were a supercomputer, the ultimate superior device which I wish to be.

Going to Happy Farm

Last week, I went to Happy Farm with my parents. It was sunny and the weather was good. We were happy.

First, we looked at some fruits and vegetables. There were some corns, carrots, strawberries and watermelons. They looked very fresh and nice! We wanted to eat them!

After that, we went to the pond with ducks and fish. I saw the animals and they were cute. Suddenly, two naughty children came to the pond. Then, they started to throw some stones at the poor ducks and fish. The ducks felt scared, they tried to defend themselves too. So I said, 'Don't throw stones at the ducks and fish!' But they didn't listen to me.

In the end, I remembered their parents are friends with my parents. I told the farmer about it and their parents said, 'I'm so sorry, we'll leave the place.' Luckily, we helped the ducks and they didn't get hurt. They are happy now.

Happy Farm

Last weekend, I went to Happy Farm with my parents. It was sunny and hot. We were happy.

First, we looked at some fruits and vegetables. There were some corns, carrots, strawberries and watermelons. They looked yummy. We wanted to eat them.

After that, we went to the pond. We saw some ducks. They were lovely. Suddenly, two naughty kids came to the pond. They threw some stones at the ducks. The ducks were scared. I said to them, 'Don't throw the stones at the ducks!' But they didn't listen.

In the end, I told my parents about the naughty kids. My parents asked their parents to stop them. Luckily, the ducks were not hurt. My parents and I were happy.

Subject: Birthday dinner

Dear Peter,

Last night, I had my birthday dinner in Golden Castle Restaurant. The food was delicious! I ate out with my family and my best friends. I ordered some pizzas with tomato sauce, eight cans of cola, eight hamburgers and a lot of sushi. Pizza with tomato sauce and sushi were the most delicious dishes.

I felt full and satisfied with the dinner because it was more delicious than last time and the food tasted better than last time.

Then I paid eighty-seven dollars and it was cheaper than last time. It is the cheapest dinner ever!

Then, someone brought the cake for me and said, 'Happy Birthday! Nathanael!' and everyone sang a birthday song for me. I was so surprised!

How do you celebrate your birthday?

Please write back soon.

Love,
Nathanael

A Bad Day

Last Saturday, I watched TV from one o'clock to eleven o'clock. I had some snacks too. I ate a lot of French fries, fried chicken and cola. I felt glad.

At one o'clock, I played online games. 'Die! Die! Die!' I shouted. I played online games happily.

Mum saw me watching TV all day and playing online games at midnight. She said angrily, 'Why do you watch TV all day and play online games at midnight? And when you watch TV, why don't you drink some water? Today you can't watch TV and play online games.'

At the end, I drank enough water and ate healthy food. I learnt that 'Don't make your parents worried!'

Dear Santa Claus,

I can't wait to see you this month! I have a good plan.

On Sunday morning we will take a minibus to Sai Kung. We will eat seafood and go hiking to get some fresh air. In the afternoon, we will take a bus to Lantau Island. We will ride on the cable car and visit the Big Buddha.

We can meet at Tsim Sha Tsui MTR station at 8:00am. How can you go to the MTR station? Let me tell you! Go out of the hotel. Walk across the road. Go straight ahead. Turn right into ABC Road. Go straight ahead. The MTR station is next to the bakery. You can see the map in this e-mail.

We are looking forward to seeing you!

Yours,
Tom

A Diary

14th April 2023 (Sat)

Sunny

Today Mum and I went to a supermarket by minibus. I said, 'I want to buy a bottle of cola.' Mum agreed, 'OK.' Then Mum bought a bottle of cola, a packet of rice, a bar of chocolate and a tin of nuts. I was happy because I could have a lot of snacks.

When my mum was choosing which brand of potato chips, I noticed a man who was staring at a woman's purse. The woman didn't zip up her handbag.

When the woman went to the fruit section, the man stole her purse. My jaw dropped. I felt shocked and didn't know what to do.

Just then, a security guard passed by. I told him what happened. He called the police. The police arrived and caught the thief. From this experience, I learnt that we should take good care of our belongings.

A Happy Trip in Hong Kong

Dear May,

How are you? I can't wait to see you. We will live in KTKC hotel to welcome you for three days.

I know you like magic so on the first day, we will go to Disneyland to let you have a day full of magic and memories. We will ride on the roller coaster and play merry-go-round on this day at Disneyland too.

On the second day, we will go to two attractions that you must go if you visit Hong Kong -- Sky 100 and the Avenue of Stars. In the morning, we will go to Sky 100 to look at the view to discover 100% of Hong Kong. In the evening, we will go to the Avenue of Stars. We will take photos there and watch the beautiful symphony of lights.

I know you like animals too, so on the third day, we will go to Mai Po to watch different pretty birds. We will also visit Hong Kong Wetland Park to look at the crocodiles.

Please write back if you have any problems.

Yours,
Marvin

Dr. Chan's Robot

Doctor Chan is a world famous inventor, but the more he invented, the more he got busier. So one day, he decided to make a robot that would assist him in making new inventions, doing his housework and also catching thieves, since as a famous inventor, there were always robbers breaking into his house attempting to steal his inventions. 'Yes! What a great idea!' Doctor Chan thought.

The robot was made and programmed in a week. Its body was made entirely out of different metals, used to protect it from thieves. Doctor Chan was satisfied with his work and decided to name the robot 'Aaahhh' and tested it out right away. He pressed the 'start' button and the robot immediately went berserk. It crashed into Doctor Chan's shelf and sent the ancient vases on the shelf toppling down on itself. The vases ended up breaking Aaahhh's arm and it exploded.

Doctor Chan sat down in sobs next to his destroyed robot. 'Waahhhh!' He yelled as he cried like a toddler. Suddenly, a magical portal appeared, and Captain Underpants with the infinity gauntlet walked out. He made a new robot with the reality stone and disappeared in a puff of smoke. 'Thanks! I owe you one!' Doctor Chan called out.

The new robot worked perfectly and Doctor Chan learned that sometimes things work out in ways we don't expect.

Lost on Lantau

Last Saturday afternoon, Mr. and Mrs. Chan went hiking on Lantau Island. They wanted to take photos with the Big Buddha. After an hour, they just saw some trees. They couldn't find the Big Buddha. They realized that they got lost! Unluckily, it was already seven o'clock.

Later, the Chans saw a man. 'Oh! He is Alan,' Mrs. Chan shouted. 'He is a famous hiker. He can help us!' Mr. Chan said happily. They asked, 'How far is it from here to the bus stop?' 'It's one kilometer.' Alan took out his map and said.

When they nearly arrived at the bus stop, the bus was driving away. They couldn't get on the bus. They missed it! They were so blue and couldn't believe it. Finally, they saw a taxi but the taxi driver ignored them. They could only sleep in the temple that night. They were so hungry. They learnt that they should have good time management when they go hiking.

Lost on Lantau

Last Saturday afternoon, Mr. and Mrs. Chan went hiking on Lantau Island. They wanted to take some beautiful scenic photos of the Big Buddha, and to release their stress.

After a while, they could only see trees, hills, grass and bushes. Then, they realized they got lost. They were so frightened that they kept shaking their legs. Suddenly, Mr. Chan shouted, 'Aha! I've got it! We can use our mobile phone to check...Gah! I've run out of battery! You?' 'Sorry, I didn't charge my phone,' replied Mrs. Chan.

Luckily, they saw a stranger that lives in the mountain's village. Mrs. Chan asked, 'How far is it from here to the bus stop?' 'It's not far. Just one kilometer away,' the stranger answered. The Chans thought, 'Phew! At least it's just one kilometer.' When they arrived at the bus stop, they saw the bus leaving. Therefore, Mr. Chan called a taxi at a public telephone booth.

At last, they went back home at 2 a.m. They learnt a lesson that they should bring sufficient equipment like fully charged mobile phones, a power bank and a compass.

Last Saturday afternoon, Mr. and Mrs. Chan went hiking on Lantau Island. They wanted to go to Ngong Ping to take some photos of the Big Buddha. They were excited because it was their first time to visit the Big Buddha. It takes about ten hours from the starting point to the Big Buddha. They started at eight in the morning, so they would arrive at the Big Buddha at six in the evening.

When it was at five in the afternoon, they realized that they were lost. They were so frightened that they couldn't get home. When Mr. Chan was looking for his mobile phone, he found his mobile phone disappeared. He thought he left his mobile at home!

When it was eight, they arrived at a village. They saw a villager. They asked the villager, 'How far is it from here to the bus stop?' The villager said, 'It's not far. It's one kilometer.'

When they arrived at the bus stop, they saw the bus leaving. They looked at the timetable, they saw the bus had just left. It was the last bus of the day. Fortunately, they saw a taxi, so they got on and went home. They have learnt a lesson. They should bring a map and compass when they go hiking.

Advice for Good Manners

It is important to behave well at home and when we are in other places.

At home, we should take care of our family. We should speak politely to them. We should help with the housework too. We shouldn't be mean to our family. We shouldn't shout at or ignore them.

At school, we should be polite and friendly. We should arrive early. We should be nice to our friends. We shouldn't be rude or mean. We shouldn't quarrel with our friends. We shouldn't laugh at them either.

In public places, we should have good manners too. In the restaurant, we should eat quietly. We should speak politely to the waiter. For example, we should say "please" and "thank you". We shouldn't eat noisily. We shouldn't wait impatiently for the food. On the bus, we should talk softly on the phone. We should give up a seat to an elderly. We shouldn't speak rudely. We shouldn't play music loudly.

All in all, we should have good behaviours in different places so that we could create a beautiful world.

A day of making birthday cake

Last weekend, I baked a cake for my grandma at home because it was her ninety-year-old birthday. I asked mom to help me bake a cake because she always makes yummy dessert for me. I was excited because It's my first time to bake a cake.

When my mum was cleaning up the kitchen, she said, 'Please set the oven for thirteen minutes.' However, I made a mistake carelessly. I mixed up 'thirteen' and 'thirty'. I set the oven for thirty minutes.

When I opened the oven, there was much smoke. I burst into tear because the cake was burnt. I was disappointed. My mom was shocked. She said, 'Oh, you set the oven for thirty minutes! It's ok! Let's buy a cake for your grandma.' Mum comforted me.

Finally, I bought a new one for grandma. I've learnt a lesson. We should listen carefully when others are talking to us.

Advice for Good Manners

It is important to behave well at home and when we are in other places.

At home, we should be nice to our family members. We should help our parents with the housework. We should also help our brothers and sisters with their homework. We shouldn't be mean to our family members. We shouldn't speak rudely or quarrel with our family members because we should love one another.

At school, we should speak politely to our classmates and be friendly. We also need to say "Thank you" and "please". We shouldn't be rude or mean to our classmates. We shouldn't fight or quarrel with them because it is rude and it hurts our relationship.

In public places, we should have good manners too. In the restaurant, we should speak politely and eat quietly. We shouldn't speak rudely to the waiter or eat noisily because that disturbs others. On the bus, we should speak politely. We can say "please" and "Thank you" to the bus driver. We shouldn't talk loudly on the phone either because it is inconsiderate.

If we behave well, everyone likes us, and we can create a harmonious world.

Advice for Good Manners

It is important to behave well at home and when we are in other places.

At home, we should be nice to our family members and help with the housework. We ought to take care of our family when they need it. We shouldn't be mean to our family members or ignore our parents. We shouldn't lose our temper or say swears.

At school, we should be polite and friendly to everyone. We should listen to our classmates when they are sad. We shouldn't fight, quarrel with or bully our classmates. We shouldn't be rude to our teachers either.

In public places, it is important to have good manners as well. For example, we shouldn't push people out of our way or listen to music loudly without headphones on MTR trains. We should also give up a seat to people in need and we should say "excuse me" politely to people if we need to get past them.

In cinemas, there is also a need to behave well. We should always arrive on time for a movie and we should say "excuse me" and "thank you" if we need to leave early or go to the restroom. We should never eat or drink noisily or talk loudly on the phone. People will very likely shoot us dirty looks!

To sum it up, no matter where we are, we should always maintain our best behaviour. If everyone has good manners, we would have a much better world.

A Day I Will Never Forget

Last Saturday, I went to the library. I went to the library because I wanted to borrow a book. I borrowed a book about different cartoon characters. It was amazing and the pictures were interesting. I liked them very much. I decided to tear some pages off and kept them because I wanted to share them with my classmates.

The next day, I went to return the book. I felt so scared. The librarian started to scan the book. Suddenly, the librarian asked, 'Why some pages are missing? Did you damage the book?' I answered, 'I am so sorry, I took the pages because they are so funny.'

In the end, I needed to pay a fine of thirty dollars. I regretted about tearing off the pages from the book. Grandpa gave me the money and told me, 'Don't do it again or you'll regret it.' I felt ashamed and promised Grandpa I will never do that again.

Making a Birthday Cake for Grandma

Sunday 10th March,

Sunny

I wanted to make a birthday cake for my grandma. Mum and I made a birthday cake at home. We wanted to make a banana cake because Grandma likes eating bananas. First we put some bananas in the bowl. Then we put the other ingredients into the bowl. Next we beated them with a fork. After that we added some sugar to the mixture. Finally, Mum said to me, 'Please set the oven for thirteen minutes.' Then I set the oven for thirty minutes but I didn't know.

When Mum was cleaning up, I watched TV. Suddenly, we smelt something burnt. Mum and I rushed to the oven. I quickly opened the oven but it was too late. The cake was all black. I was so sad and started to cry.

In the end, Mum and I made a new banana cake. This time I did not watch TV. I sat and looked at the oven. The cake was not burnt. I have learnt that we should be focused and only do one thing at a time.

CC's Adventure

Once there was a poor boy called CC who lived in a village. He was as timid as a mouse but gentle like a lamb. Although he was a nice person, the villagers thought he was very impolite because he seldom said anything.

One day, when CC was walking on a street, he saw a letter on the floor. Therefore, he brought it back home. When he opened the letter, there was terrible smoke coming out of it. The smoke brought CC to a different dimension. 'Where am I?' said CC frighteningly, 'Hm...it looks like I'm going on an adventure.'

Suddenly CC heard a voice, 'Help me! Get me out of this hell!' CC walked there slowly and terrifyingly. After a while, he saw a person who was locked in a cage. 'What are you looking at? The key is over there! Get it and let me out of here!' the person shouted. 'Al...Alright...' said CC softly. CC got the key and saved the person. They rushed out to the exit of the dimension and got back to the village.

'Wow! You saved me! There was a huge ugly monster who wanted to eat me for dinner! Luckily I escaped,' the man said gladly. 'My name is Lemon by the way. Wanna be friends?'

'Maybe I can try to make friends,' CC thought. 'OK!' he said excitedly. 'That's great! As for your reward of saving me, I'll give you ten thousand dollars,' said Lemon. 'What? You are so rich!' cried CC surprisingly.

Since then, CC and Lemon had been best friends. Whenever they had any problems or difficulties, they would always help each other. I'm sure they would be best friends forever.

Diamond

A long time ago, there was an island. People on it thought there was a chest inside a cave where a super rare diamond was hidden. It was the only one in the world. If someone owned it, they could get all the good luck and wealth according to a king. That was why everyone wanted to get it.

A pirate called Jojo wanted that diamond. He went to the island and looked for it. Unfortunately, another pirate, Jack wanted the diamond too. He used a bow to kill Jojo and took the diamond. "Hurray!" he said.

Unluckily, Jack took the wrong diamond. It brought him bad luck but he didn't know about it. After a few months, he was killed by heart disease. After that, no one wanted to get the diamond. Actually, the real diamond was owned by the king.

Hanson and the monster

Everyone in the village thought Hanson was as tough as a rock. He could lift up a boulder, a lion, you name it. He once even pulled out a tree from the ground. He was as strong as an ox, but he was also proud like a peacock. He would never turn down a challenge of strength, even if there was a much stronger opponent.

One day, a disgusting monster in the name of Shreik threatened the village with his enormous size and strength. The people were frightened so they asked Hanson to get rid of Shreik. He immediately accepted the request and took it as a challenge.

Hanson walked up to Shreik's cave in one giant jump. As soon as the monster came out of the cave and roared, Hanson stepped back a few steps. He was shaking in fear. He had never seen any muscular creatures. Hanson quickly rebounded and fought with the monster. The two fought for hours. At last, they were both left in scars. For Shreik's last move, he was going to throw Hanson off the mountain, but he didn't have the guts to do it, with all the villagers looking upon that scene.

In the end, Shreik and Hanson helped all the villagers with their mighty gift. They promised to learn from each other about their mistakes. Hanson would learn to respect others for the weaknesses and Shreik would learn to forgive others for their mistakes or wrong doings.

Games

Two orphans named Steven and Steve were best friends and roommates. They were so broke that they could barely pay rent without paying for food. Therefore they decided to join a game called 'The Game' where they could win one million dollars if they won. They decided to risk it all since they had nothing to lose.

They followed the address on a poster. As they started the game, they went inside a creepy tunnel leading to darkness. 'Boom!' A giant wall blocked the entrance and they were trapped. 'Hello?' A word came out and two men appeared from the end of the tunnel. 'Did you join the game as well?' they asked. 'Yes, we were so terrified. Quick! Crouch!' Steve shouted. Steven crouched down immediately. There was a laser pointing at their necks. The two people didn't react fast enough so they got decapitated. At the door, there was some text written, 'Place them here.' They put the two men there and the wall was lifted up. Steven and Steve were free to leave.

Two years later, Steven and Steve were still scared for their lives since the last incident. When they were walking down the street, they saw a poster 'The Game 2'. 'Only people who are deemed to have the divine energy of the gods are chosen to enter this game,' mentioned the poster. However, obviously, they were not the people described in the poster but they decided to just screw it all and end their miserable lives together.

At the beginning of the game, a man said, 'Well, well, well...here you are. My name is Lucifer the demon king.' In a second, they were transported to a weird-looking planet with nothing but air, particles and land stretching miles upon miles. 'Ready to end your life?' Lucifer said. 'Yes!' Steve replied hopelessly. Lucifer launched himself at light speed, flying at Steve who died in a second. Then a bright light and energy blasted down from heaven. An angel sent by god floated down and then landed on the ground. The angel said, 'Run away mortal. Only the divine deities are allowed here.' He then transported Steven back to Earth and defeated Lucifer easily. Steven was sad but angry because of losing his only best friend. He said in a demonic tone, 'If I can't have a friend, no one can!'

The Lost Prince

Once upon a time, there lived a poor boy called Laval. He was as brave as a tiger and wise like an owl. Although he was poor, he had a lot of friends because he was kind and friendly.

One day, when Laval was tidying his room, he found a letter. It was written by a strange person. It said, 'This baby is called Laval. He is three-month-old and he is the prince of a king whom I have some resentment with. Under the baby were one hundred thousand coins. It must be enough for him to grow up. Thanks for helping me, sister.'

At this moment, Laval was crying. In his memory, his mum was as gentle as a lamb but now she was one of the people who kidnapped him when he was a baby. Suddenly, his mum came back. He held back his tears and asked her, 'Mum, do you have any secrets that I don't know?' 'Why do you ask this, my son?' replied mum. He just wanted his mum to tell him the truth so he put on a face.

Then Laval went to the toilet and cried quietly. He wanted to run away home on a mad impulse. At night, he packed all his things and wrote a letter to his mum. On his way, something strange happened. He met an angel. The angel told him, 'You must follow the biggest star in the sky because it will lead you to the closest road to the castle. Others need to walk for one week but you just need one day!'

Finally, Laval met King Charlie and said, 'I was your lost son.' 'Really? Let's do the blood confession!' suggested the king. After that, the king found out Laval was his son so he told Queen Ruby. Laval was happy because he found his parents. They gave him a big hug. At last, they became a happy family!

My Christmas Holiday

This year was such a blessing. I had a wonderful Christmas holiday. I got to spend a great time with my family and the people I love.

On Christmas Eve, my family and I joined the nativity service at church. We sang Christmas carols and did a nativity play. We also brought handmade Christmas gifts for our Sunday school teachers and friends.

On Christmas Day, we had a Christmas party. We decorated our living room with golden Christmas banners, confetti balloons and a malachite-colored backdrop.

Christmas party platters with sirloin steak, roasted turkey, and assorted roasted vegetables were delivered for dinner. The succulent sirloin steak with black pepper sauce was my favourite.

Christmas cake made with chocolate ice cream and chocolate fudge brownies were served for dessert. Such a scrumptious festive treat with a cute little wreath on top!

While my siblings and I were still overwhelmed by the lovely meal, we exchanged Christmas gifts and played games with our family. Then a toast was made with sparkling cider to end this delightful evening.

Boxing Day finally came. My siblings and I unboxed many Christmas gifts, and we all had our favourite! My brother's favourite gift is a mini drone that looks like a glowing magic orb and hovers like a boomerang. For me, it was a bracelet-making set by Juicy Couture. I came with a glamorous jewellery box with assorted beads, gems and charms.

Tall Eric

They did not know what to do. Then the genie had an idea. 'Let's find my friend Jim the Wizard,' he suggested.

Then they set off for the wizard's home. They crossed a river and climbed a mountain. At last they found the wizard. They were tired.

They opened the wizard's door and asked, 'Can you help me?' The wizard replied, 'Okay.' Then the wizard made a special potion. After a while, the wizard gave the special potion and asked Eric to drink it. Suddenly, after drinking the special potion, Eric became small but the effectiveness was too strong that he became a baby! He was shocked.

In the end, Eric felt sad and he needed five years to become normal size.

Save Our Earth

Dear humans,

I am a friendly dolphin and I live in Atlantic Ocean. I am writing because my friends and I are facing some problems.

The first problem we are facing is water pollution. People keep dumping toxic waste into the sea. Therefore we will think it is drinkable. We will become extinct unless you stop dumping toxic waste into the sea.

The second problem we are facing is plastic pollution. People keep throwing plastic objects into the sea. Therefore there is not enough space for us to go around. We will be trapped unless you stop throwing plastic objects into our home.

The last problem is fishing. People keep catching fish. Therefore there are not enough fish for us to eat and survive. We will be hungry unless you stop fishing from our home.

Please take action before it is too late!

Yours sincerely,
Nicole the Dolphin

Eric and the Genie

They did not know what to do. Then the genie had an idea. 'Let's go to Jason the Wizard's home,' he suggested. Then they set off for the wizard's home.

First, they crossed the river and climbed a mountain which was as tall as a building. At last, they reached the wizard's home. Next they knocked on the door. Soon Jason the Wizard opened the door. Eric asked, 'Can you help me turn back into my normal size?' Eric cried, 'I can't talk to Mum or go back home. I cannot play with my friends either. I cannot go to school to study anymore.' After that, Jason replied, 'I can help you. You need to take the medicine.'

In the end, Eric drank the potion. Soon he became a short boy again. Then he said, 'Thank you, Jason the Wizard, now I become a short boy again. I will tell my mum, friends and teachers about my story.' At last, he went back home and told all the people about his experience. Then he wrote a book of his story.

Hanson and the Monster

Everyone in the village thought that Hanson was as strong as an ox, he could lift up a lion! He could lift up very heavy objects, he helped the villagers every day.

One day, a monster ran into the village, it was ugly like a beast. It was also tall like a mountain. Everyone was terrified so they ran away. The villagers knocked on Hanson's door, they informed him about the tall and ugly monster which broke into the village and destroyed many houses. Hanson decided to help them, he threw a small rock into the cave to wake the monster. It was angry. It roared at Hanson. He was scared. He picked up a stick and shouted, 'Don't come near me, or I'll kill you!' He pointed the monster with the stick. Just then, a little boy came, he threw a knife he stole from his kitchen. The knife stabbed the monster's eye and the little boy pulled out the knife from its eye and stabbed the monster, and it died.

The villagers saw the monster had died, they praised Hanson. The little boy said, 'I was the one who killed the monster!' The villagers were shocked, and they no longer thought Hanson was brave anymore.

An Incident

Last week, my mother and I visited the 5th Green Exhibition in Wan Chai. I went there by MTR. In the Green Exhibition. There were many interesting booths like Save the Earth and Green Toys.

I saw a booth called Tree Campaign. It asked people to save the trees and sign up for tree planting in Sai Kung. There was another booth called Recycled Materials. I used recycled materials to make a pencil holder.

After that, I saw a robot. It was made of recyclable drink cans. A little boy said, 'I want this can.' Then the little boy removed one of the cans. Suddenly the robot collapsed. The little boy was frightened.

Finally I called a staff member to fix the robot. The little boy said sorry to the staff member. I learnt that we should not touch any exhibit in the exhibition.

Chinese New Year

Chinese New Year is the most important festival in Hong Kong. At Chinese New Year, people do a lot of activities and there are some special traditions.

Two days before Chinese New Year, beautiful new clothes are bought and people prepare a lot of food for the reunion dinner. Red paper is hung on the walls. People clean their house and sweep the floor to prepare for their relatives and families to visit.

On Chinese New Year's Eve, people have reunion dinner because it means "gathering around the family hearth". People also eat sweet dumplings because it is perfect for reunion. People go to the flower market to buy lucky flowers such as mandarins. People go to the market because walking around the market can make some good fortune.

On Chinese New Year's Day, people watch lion dances and parades in Tsim Sha Tsui. Lucky money is given to each boy and girl because it helps to keep away from the "Year Monster". People eat rice cakes and turnip cakes because they think they will become better and better in the coming year. People also visit their relatives.

On the second day of Chinese New Year, people watch firework displays in Victoria Harbour.

In Hong Kong, people enjoy celebrating Chinese New Year very much. Let's have fun at Chinese New Year together.

Hanson and the Monster

Everyone in the village thought Hanson was as strong as an ox because he could lift heavy things such as a tree, a rock and a lion.

One day, a scary monster came to the village. The monster was as tall as a mountain. The villagers were frightened. Then a villager asked Hanson, 'Can you help us?' Hanson said, 'Sure.' After that, the villager took Hanson to the cave where the monster lived.

When Hanson arrived at the cave, suddenly the monster woke up. The monster roared at Hanson. He was frightened. He was as timid as a mouse. Then Hanson ran to escape. The monster chased him. After a while, the monster suddenly stopped chasing Hanson. The monster said, 'Please stop escaping! Actually I am very kind and timid. I have no friends so I came to the village to make friends. Can you be my friend?' Hanson said, 'Of course.' The monster was very happy.

In the end, Hanson took the monster to the village and made some new friends. The monster had a lot of friends and lived with the villagers happily ever after.

A Letter to Principal

Dear Ms. Tse,

We are writing because the Charity Club would like to help Hong Kong Red Cross to raise money for the victims of the earthquake and tsunami in Thailand. We think our ideas will help solve some problems for the victims there.

The victims there face a lot of problems. People can't rebuild their houses because they're too poor. They can't sleep well in the tents because it's too hot. They can't buy food because they're too poor.

We want to sell flags to raise money for the victims. We would also like to donate money to charity by performing a drama.

We hope you will be able to help us organise the charity events.

Yours sincerely,

鯊魚

我是一隻鯊魚，
一隻自在的鯊魚，
我隨着海水，
舒服地游啊游啊。
我是海洋的霸主，
一隻無憂無慮的鯊魚，
我跟着小魚們，
想着怎樣把牠們全部吃掉。
人類餵我吃垃圾，
太可惡了！
小朋友們千萬不要往海水扔垃圾，
不然我就再也不能在海中自由自在地游泳了。

烏鴉第四次被騙

自從烏鴉被狐狸騙了三次後，他就牢牢地記着了上一次的教訓：不要輕信別人。

一天，喜歡到處找尋寶物的烏鴉又好不容易地找到一副精美的眼鏡，狐狸一知道烏鴉又找到了好東西，馬上過去找牠。

「嘩！聽說你是在森林中跳舞跳得最好看的，可不可以跳給我看？」狐狸花言巧語地道。

烏鴉一時看不清是誰在說話，牠馬上戴上他的眼鏡，定睛一看，原來是狐狸啊！為了證明自己是森林的舞王，烏鴉想也不想，就跳起舞來。最後，烏鴉的眼鏡掉下來了，狐狸趁機拿走了。

糊塗的烏鴉又被騙了！現在，牠應該牢牢地記着第四個教訓——不要聽信虛偽的讚美。

狐狸被騙了

很久以前，在森林裏，狐狸找到一塊肉，牠非常高興，跑到樹下要享用這塊肉，這情景被烏鴉看到了，牠想：我一定要把這塊肉騙過來。

狐狸正要吃肉時，烏鴉說：「狐狸，你可真強壯，一定是個運動健將吧？」

狐狸非常高興地說：「終於有人認可我是運動健將了。」

狐狸一開口說話，口中的肉掉了下來，烏鴉看準時機，身體向前一傾，腳抬起來，衝了出去。狐狸發現事態不妙，但一切已經來不及了，烏鴉早就跑到了牠的腳下，一下子便把肉搶走了。

烏鴉毫不留情地飛走了，還不停地。說着：「狐狸是笨蛋！」狐狸呆呆地看着天空，說：「我怎麼會這麼不小心呢？」

經過這次教訓，狐狸非常後悔，明白以後不要輕易相信別人。

三隻小豬大意了

大野狼發現牠的糧食被偷吃了，但快要冬天了，牠需要趕快準備好過冬的食物。

「咦？怎麼這麼香？」大野狼突然嗅到一股豬肉香味，他迎着風向前進，很快就發現了三隻小豬。

原來，最近三隻小豬用木頭搭了一間小木屋，大野狼來到木屋前，怎樣吹也吹不動，但牠也不灰心，打算改日再戰。大野狼記下地點後便離開。

三隻小豬一直等到隔天門外沒有動靜才開聲說話，開始擬定作戰計劃，打算在家中設計陷阱。

但過了幾天，牠們遲遲未見大野狼的蹤影，豬大哥又開始懶惰了：「這麼久沒來，應該沒事了。」豬二哥也跟着鬆了一口氣，悠閒地攤在地上。

看着眼前一點危機意識都沒有的哥哥們，豬小弟變得憂心忡忡，唯有自己設好陷阱，準備好滾燙的熱水來等待大野狼的自投羅網。

這時，大野狼果然在門外出現了！「三隻豬，來做燒腩都挺好的。」大野狼心想。

三隻小豬以為大野狼從煙囪進來，殊不知這只是個陷阱，大野狼的身影只不過是牠用茅草紮的，二哥以為大野狼掉了下來，但其實不是，只是大野狼掉了一塊石塊進去。

正當三隻小豬以為成功之際，便打開大門出外歡呼慶祝，但原來大灰狼正站在門外，還把小豬們都吃掉了，真可憐呀！

春天的花園

溫暖的春天到了，我在花園中遊玩。

在花園裏，我看見五彩繽紛的花和綠油油的小草。看！那些小草被風吹彎了腰，還哈哈大笑不停，它們很像跳着搖擺舞呢！花兒散發芬芳的香味，甜得像糖果一樣，它們身上還有露珠，真漂亮！

今天的早上，周晨和子琛在運動場上參加田徑比賽。

子琛很緊張，他的對手跑得很快。但周晨一點都不緊張。

比賽開始了，周晨和子琛一起向前跑。開始時，周晨跑得比子琛快，好像一輛跑車。子琛跑得慢，好像蝸牛。

周晨十分高興。但子琛感到很失望，他很想放棄。

首先，子琛很努力地跑，跑得愈來愈快。然後子琛被一塊小石絆倒了。周晨回頭一看，立刻停下來。最後，周晨決定跑回頭，幫助子琛。受了傷的子琛感到十分不開心。

周晨扶起子琛。他們一起走向終點。子琛和周晨都感到十分開心。因為他們成了好朋友。

自從這件事後，我明白了：比賽第二，友誼第一。幫助別人是一件令人快樂的好事。

星期六的早上，小美和嘉軒在運動場上參加田徑比賽。小美覺得十分興奮。嘉軒卻十分緊張。

比賽開始前，他們在做熱身運動。比賽開始了！嘉軒和小美一起向前跑。小美跑得比較輕快。小美很像火箭，跑得很快。嘉軒就像一隻蝸牛，跑得很慢，嘉軒感到十分失落。他覺得自己不會得到冠軍。

首先，嘉軒努力地向前衝，跑得越來越快。突然，嘉軒被一塊小石頭絆倒了，他哇哇大哭。小美回頭一看，立刻停下來。最後，他們一起走向終點。雖然他們不能拿到第一名，但是他們十分開心，因為他們成了好朋友。

自從這件事後，小美明白了：比賽不是最重要，可以幫助別人是一件令人快樂的好事，因為「助人為快樂之本」。

我的同學

我的同學名叫鍾雪晴。她是一個樂於助人的好同學。

鍾雪晴的身形中等。她有粗黑的頭髮，她有圓圓和水汪汪的眼睛。她還有大大的嘴巴。

鍾雪晴是一個樂於助人的人。有一次我跌倒了。她立即跑過來扶起我。她問我：「你有沒有事？」那時，我感到十分開心。

她也是一個有耐性的人。還有一次，老師佈置了很多作業，但我不會計算數學題。回到家後，我立即打電話給她，我叫她立即過來我家，她來到我家，我就向她求救。我跟她說了很多次，我仍不明白如何做計算題，最後她還是耐心地教導我，一步一步地向我講解題目。

我很喜歡她，因為她常常上我家和我玩。我希望她每天都和我一起放學，一起上學。

烏鴉再三被騙了

自從烏鴉被狐狸再次騙走一塊肉以後，牠就牢牢地記住了那一次教訓：千萬不要貪心。

一天，烏鴉好不容易又找到了一條魚，牠正在津津有味地吃着美味的魚。在遠處的狐狸垂涎三尺地看着烏鴉嘴裏的魚，心想：讓我吧烏鴉嘴裏的魚拿到我的手裏吧！

狐狸對烏鴉說：「烏鴉，我的妹妹生病了，你能把你手中的魚給我嗎？」但烏鴉這次沒有理牠。

於是狐狸又想到了一個方法，就是說烏鴉的壞話，狐狸對烏鴉說：「你身上黑沉沉的，醜死了！」

烏鴉張開嘴，想罵狐狸的時候，牠知道自己又被騙了，烏鴉嘴裏的魚掉了，狐狸伸手把魚捉住，便逃跑到森林去了。

星球之旅

今天，我在火箭發射站乘着我的火箭去宇宙探險。

突然，我看見一個奇特的星球，那裏有一座海拔約四百五十米的高塔，外形就像一疊疊的竹箱，正正方方的。

糟了，火箭發生了故障，我只好進入緊急逃生艙，離開火箭，迫不得已在那個奇特的星球著陸。

我從艙門走出來後，大驚失色，我竟被一大群外星人包圍了，他們還「先下手為強」，未知我來的目的，就攻擊我。即使我怎樣避，也始終不幸被擊中，他們人數實在太多了。

他們把我關進監獄裏，幸好我懂得從通風口逃走，不然我一輩子也會被關住了。誰知道，有一隻外星看門犬追趕着我，我連忙逃跑，進入機艙，「真驚險！」

經過這次既刺激，又莫名其妙的旅程後，我更喜歡探索宇宙了。

星球之旅

今天，我來到了太空，我在太空裏發現了一個千奇百怪，從沒有人曾到的星球。我很害怕，不知道那裏有甚麼。

這個星球就像一顆絢麗多彩的寶石，使我目不暇給。那裏有很強烈的巧克力味道，香味撲鼻而來，我抵不住香氣的誘惑，我決定去看看。

我來到了這個奇妙的巧克力星球，四周有花朵、大樹，各種建築物都一應俱全，應有盡有。這裏的房子也好，大樹也好，所有東西都是巧克力造的，看得我垂涎三尺，真想上去咬一口。

走着走着，我來到巧克力皇宮，入面的所有器具都是巧克力製作而成的，花邊上鑲着七彩巧克力豆。有這麼多各種各樣的巧克力，我再也不用愁餓肚子了。

這次星球之旅令我依依不捨，希望這顆星球永遠都不會消失。

張楠的故事

唉！真倒霉，郭老師竟然安排我和全班最骯髒的張楠同桌！他一坐下，我便把書桌移開一點點，對他說：「你可別過界，我可會罵人的！」他一臉無奈地說：「對不起！」

放學時，我看見一位老婆婆不小心在路上跌倒了，張楠看見後，立即上前扶起她，並問：「你有沒有事？需要到醫院去嗎？」我看見後心想：哼！裝模作樣，我才不會上當！

後來，某天上運動課時，我在運動場上弄丟了我愛不釋手的手錶，因為它是我七歲生日時的生日禮物，所以我顯得慌張失措。張楠知道後，他立即安慰我和仔細地幫我尋找。最後，我和張楠在籃球架下找回。

雖然張楠看起來有點骯髒，但他心地善良，又樂於助人，所以我對他改觀了不少。

我走過張楠身邊，握着他的手，誠懇地說：「你真是我的好同學呢！」

我最喜愛的物品

你問我最喜歡的東西是甚麼？我一定會回答你：「樂高問號磚」。因為這個玩意可是我的外婆在我生日的時候送給我，最重要的是這個大玩意可是我用二千塊零件一點一滴地拼湊而成的。

問號磚長、寬、高都在八厘米左右，是一個完完全全的正方體，整體是黃色的，除了頂和底外，其他面都有一個大大的問號。我想大家都有玩過「超級馬利奧」吧，裏面的問號磚就是個「大問號」了。而且「大問號」的機關也符合「超級馬利奧」的劇情，更有趣的是它幾乎每個面都有機關，讓我篩選出兩個非常巧妙的機關來說明。

第一個機關非常精妙。我們先把「大問號」向左側，往上拉開一個動板，然後就會在底部彈出一個決鬥場！這裏正正是馬利奧打敗怪獸的地方，是不是很奇妙呢？至於原理呢，那就只能在你買了「大問號」才知道！

雖然第一個機關很巧妙，但第二個機關更精妙絕倫。我們再把「大問號」轉向右側，輕抬上板（這本身又是一個機關），然後再把裏面的東西一百八十度旋轉，就會出現四個奇妙的世界，它們分別是：有企鵝居住的「冰天雪地」，有活火山的「地下煉獄」，有大炮的「森林峽谷」和馬利奧居住的「天空之城」，而且裏面還有很多人物呢！

其實，我喜歡問號磚的原因還不止開首所說的那兩個原因，最重要的是由上文可知「大問號」結構非常複雜，我拼好後，就會覺得非常滿足。

今天，聖誕聯歡會時，一隻蜜蜂飛進課室，原來有人帶了蜜糖雞翼回來吃和蜜糖喝，把蜜蜂吸引過來。

大家看到蜜蜂後，對它充滿好奇，彷彿發現一件寶藏。課室一眨眼變得亂七八糟了，有人尖叫，有人跑來跑去，有人瑟縮桌下，有人甚至嚇得暈倒了，大家急得像被老虎追捕的獵物似的。

我看到這混亂的場面後，鼓起勇氣說：「大家不要怕！蜜蜂不是危險的昆蟲，你們這些膽小如鼠的人又跑又叫，只會把他嚇倒，令牠四圍飛。我們反而應該保持冷靜。」

我請求老師幫助我開窗，令可憐的蜜蜂有機會離開課室。大家看到蜜蜂飛出時就安心了，課室再次湧現歡笑聲。

我們看到這個情況後，就明白到蜜蜂不會惡意傷害我們。故此不用為了一件平常事而感到大驚小怪。即使遇到危險，也要處變不驚鎮定地解決問題。

今天是聖誕聯歡會，所以陳老師帶了一朵香噴噴的花回校，那朵花是用來裝飾課室的。誰知當我捧着花兒欣賞時，一隻蜜蜂飛進教室來，站在花朵上，我很驚慌。

那時，有的人被嚇得快暈倒了，有的女生被嚇得花容失色，有的急得像被老虎追的獵物，大家都驚慌失措地躲避起來。

就在大家都驚慌失措時，陳老師用閃電般的速度關了燈，又開了窗。之後她向大家說：「你們不要擔心，蜜蜂很快就會飛走的。」大家最初都很懷疑陳老師的話。

就在這時，神奇的事發生了。蜜蜂果然向着陽光的方向飛去。大家都感到疑惑。老師就解釋說：「蜜蜂是有向着光飛的習性，所以只有關燈和開窗，牠就會自自然然地飛走了。」

今天，我學會一個道理了遇到突發的事情先不要小題大做，大驚小怪，一定要保持鎮定。

糖果星球探險記

今天，我在森林散步，「吱吱吱」小鳥的叫聲十分悅耳動聽，綠油油的大樹像在跟我揮手。「噹噹」一聲響起，我看見自己腳旁有一個像是用糖果造的襟章。我心想：多可愛啊！不過這是甚麼呢？讓我把它拾回家問爸媽好了。我回家的路上，一個突如其來的彩色漩渦把我吸了進去。

一道光芒射了進來，我沿着光線，找到出口了。可是這光芒引領我前行，在天上，我一時不留神竟掉了下來。突然，我眼前一黑，暈倒了。當我醒來時，我被一群不知是可愛或是可惡的薑餅人圍着，投以友善的眼光。之後我好奇地向他詢問，了解關於這星球的事。這星球名為「糖果星」，因外貌像一顆大糖果，地形平坦，重力只有地球的七分之五。

之後，我在巧克力村找到了一個叫山洞，神奇的是山洞是用巧克力做的。山洞旁邊有一條河，河水是凍巧克力，魚是鮰魚燒，十分美味。巧克力村又住了很多薑餅人，我認識了其中一位薑餅人，他名叫巧克力，他還帶我出發去糖果大森林探險呢！

我們坐着小船去糖果大森林。那兒的花草樹木都是糖，動物又是糖。我餓了，所以我問巧克力：「這兒有甚麼可以吃嗎？」之後他就向我介紹這裏的一草一木大部分也是可吃。但要避免吃色彩鮮艷的糖果，因為它們是有毒的。所以不可亂吃。

最後，他想了到了一個辦法讓我回到地球，讓我坐巧克力快艇。回程時，他還送我一袋糖果。之後，我就返回地球了。「呀！」我醒過來，心想難道是做夢。但我看見書桌上的一袋糖，就馬上明白了。袋裏除了糖，還有那個襟章和一張便條，上面寫：你可以回來玩呀！巧克力上。

太空歷險記

今天，我坐在窄小的駕駛艙中駕駛火箭。隨著十聲倒數，「五、四、三、二、一，點火！」火箭引擎燃起耀眼的火光，火箭升空了！我將是第一個到火星的人呢！我已經迫不及待想要踏上火星，展開這個神秘又具使命的探索之旅！

過了一段時間，火箭駛近火星了。從窗內看出去，火星像個紅艷艷的蘋果，我也忍不住肚子咕嚕咕嚕地叫，真想吃一口。

在火星上空，火箭從高空緩緩地降落，我迫不及待在熱浪滾滾的地上邁進了第一步。火星的天氣驕陽似火，溫度熾熱，像可以在平底煎鍋上煎雞蛋一樣。

我在火星散步了兩天，便登上最高的山。那個晚上，我抬頭看星星，心想：在這座山上看星星，風景很美麗。

最後，是時候要回地球了，我暫時要擱置探險的計劃，自我安慰，說：地球上的家人正在等我回家，加上我相信將來還有很多機會到火星探險。

星球之旅

二二二二年二月二日，美國富商馬斯克舉辦了一個小太空人計劃，我有幸被抽中成為其中一員，進行八號星球探險。這消息令我喜出望外，十分期待出發那天快些來臨。

經過一輪訓練，我將會去一個名為八號星球進行探索。八號星球的面積比地球小六分之四，星球表面像月球一樣凹凸不平沒有氧氣。在無氧狀態下，我覺得人類是無法生存的。

踏入八號星球的第一天，我發現了不少外星生物存在過的痕跡，有腳印，有荒廢的建築等，令我嘆為觀止。

除此之外，我還在此搜索了很久，可惜找不到人類的生命之源——水。這發現令我十分失望，可能這就是令外星生物絕跡的原因。

經過兩天的探索，我決定回到地球報告這次考察的發現。返回地球，很多記者爭相採訪我，但是我已經很累了，只想回家休息，於是，我婉拒了他們熱情的招待。

最偉大的發明

電燈未出現之前，人們會用甚麼照明？為甚麼電燈的壽命這麼長呢？

電燈的起源要從十九世紀說起。生於美國的愛迪生發現鎢絲通電後會發熱再發光，而且鎢絲可以用很久，於是用鎢絲作為發光的原材料製造燈泡。愛迪生不斷失敗，但他沒有放棄，終於發明了又耐用又光亮的鎢絲燈泡。

電燈出現之前，人們都會用蠟燭照明，但是有很多缺點，例如蠟燭容易熄滅，要重新點火，又容易引發火警。電燈發明後，人們可以用廉價又安全的方法照明。

電燈有很大的貢獻，如果沒有電燈，晚上的時候，人們就看不見東西。以前的煤油燈不但容易引起火警，而且要經常添加燃料。電燈的出現改變整個世界的生活模式，也加速了工業革命的發展。

我覺得電燈是最偉大的發明，因為它大大改善了人類的生活，電燈是我們生活中不可或缺的東西。

四愛 羅以恆

你知道沒有電話的時候，人們怎樣和遠方的家人和朋友聊天嗎？你能想像沒有電話的世界嗎？

一八七六年貝爾在美國因不小心打翻了一瓶酸性溶液而緊急呼叫他的助理。在隔壁房間的華生赫然聽見桌上那具還在改進中的受話器竟然清楚地傳出貝爾的聲音，這就是電話的起源。

到了今天，電話已變成了一部小手機，我們稱它為智能電話，由液晶、玻璃和一種液體構成，體積比之前小，但功能卻更強大。

電話在我們日常生活中是不可或缺的東西，它可以用來和遙遠的親友傾訴，還可以用來搜索資訊，電話已經是我們生活中的必須品。

電話的功能強大，能解決我們生活中很多的問題，所以我認為它是最偉大的發明！

今天，我在上中文課的時候，有一隻蜜蜂從窗外飛進了教室，我感到不知所措，原來教室外面有一個蜜蜂巢，所以才有蜜蜂飛進教室裏。

因為教室的空間十分窄小，蜜蜂飛進來，同學們都很害怕，有些同學躲在桌子下，有些同學到處亂跑。小蜜蜂在課室裏飛來飛去，我嚇得驚惶失措起來。

這時，我鼓起勇氣把書本變成武器，我向着蜜蜂的方向前進，同學們看見我的舉止，都感到非常驚訝。這時，我感到自己成為了班上的「英雄」幫助班上的同學脫離險境，我感到十分自豪啊！

結果，蜜蜂被我的紙棒武器打倒了，同學們都非常高興，並讚賞我很勇敢。我更感到非常開心，可以為大家作出貢獻。

從這件事中，我明白到幫助別人，別人感到快樂，自己也可以感到快樂的道理。

第一次給老師讚賞的經過

你們猜猜我最喜歡哪位老師？答對了！我最喜歡我的中文科老師——梁主任。我為什麼喜歡她？因為她的教學生動有趣，所以我上課時很專心，可是由於我十分害羞，害怕舉手回答問題，所以一直沒有被老師讚賞的機會。為了獲得老師的稱讚，我決心在上課時積極回答問題。

上課鐘聲響起了，梁主任跟我們溫習課文。到了問答的時候，我鼓起勇氣，深呼吸一口氣，戰戰兢兢地舉手回答問題，我心想：不要害怕，我做得到的。然後，我站起來，謹慎地說出答案。梁主任慢慢地走到我身旁，輕輕地拍拍我的肩膀，摸着我的頭，溫柔地說：「你答對了！這是你第一次在課堂上回答問題，你做得非常好呀！各位同學，一起拍手鼓勵栩深同學。」那一刻，我感到一種莫名的喜悅從心裏湧出來，高興得差一點兒跳了起來，我也看到梁主任的眼睛眯成一條線，她嘴角露出絲絲的微笑。

得到梁主任的讚賞後，我立志日後要主動舉手回答問題，更要積極投入課堂，做一個表現優良的好學生。

「第一次」的經歷及感受

放學回家，看見餐桌上熱氣騰騰的餃子，看着爸爸吃得津津有味的樣子，我腦海裏頓時浮現出我第一次包餃子的情景。

五歲那年冬天，我去外婆家過春節。當時天氣很冷，於是外婆決定包餃子吃。我看着外婆的動作，覺得十分簡單、有趣，便吵着也要包餃子。媽媽不耐煩地說：「別搗亂，一邊玩去。」我生氣地嘟著小嘴。這時，慈祥的外婆笑着說：「先去洗手，我們一起包吧！」我眉開眼笑，拿起一塊麵皮放在手心，用勺子舀起滿滿一勺肉餡，放在皮中間，學着外婆合起雙手，怎料肉餡灑了一地……「唉！包餃子真不是一件容易的事。」我喃喃自語。

外婆看着我垂頭喪氣的樣子，便鼓勵我：「沒關係，多試幾次就會了。」外婆教我放少點餡，麵皮兩端往外揪，雙手輕輕一合，用力一捏，一個白白胖胖的餃子就躺在我的手心裏。「我成功了！」我開心地跳了起來！一個、兩個、三個、四個……全都成功了。媽媽和外婆都豎起大拇指表揚我。

第一次包餃子令我體會到看着容易的事都要虛心、耐心地學習，反覆嘗試才能成功。

一次失敗的經歷

我有一次至今仍讓我歷歷在目的經歷。為甚麼？因為我失敗了！具體情況如何，就聽我娓娓道來。

在游泳課上，教練嚴肅地說：「之後做的動作十分危險，你們要留心聽！」我卻對教練的話嗤之以鼻。游泳課開始了，我採用自由式游泳，結果我忘記了應有的步驟。我在水中開始窒息了，我面露驚慌之色，使勁大喊「救命」，但是沒有人聽到，我急得像熱鍋上的螞蟻，汗水一滴一滴往外流，雙腳發軟，眼含悔意。我心想：如果我之前聽教練的話，就不會有這個結果了。我沒辦法了，在我閉眼的時候，我看見死神向我叫了一聲。我睜眼一看，發現竟然身處急救室，原來我發出叫聲後，救生員救了我。

這次的失敗讓我明白做任何事都要聽大人的話，否則後果不堪設想。

一次失敗的經歷

對我來說，成功是極其「缺乏」的，因為我成功的次數甚少，失敗卻總是「來到我的門前」。某一次失敗的經歷至今仍常浮現在我的腦海裏。

那是四年級的時候，我參加了「校際國際象棋」比賽，我自信滿滿地想：哈哈！太簡單了！我是去年的冠軍，不可能輸的！誰知，我在初賽就失手，輸掉了，連優異獎也沒有！我頓時雙目圓睜，緊握着拳頭，覺得自己仿佛是個十秒後要爆炸的炸彈，我用全力拍打牆，臉色像蘋果一樣紅，每走一步都增加了我一點的憤怒。我咆哮地大叫一句粗話，「生氣指數」已經破表了，叫聲連在月球上的太空人也聽到的。「呀——！」老師拉着我走後五十分鐘，我才開始冷靜下來，老師就跟我說：「記住呀，旻熹，沒有人是不經歷過失敗的。」從此，我明白了驕傲是不會帶來好結果，而世上沒有任何人不需經歷失敗的。

五信 李旻熹

一次成功的經歷

今天我去土瓜灣公園學滾軸溜冰。我扶着路燈，用力一推，「啊！」伴隨着我的一聲慘叫，我的雙腳被輪子完全拉開了，形成了「一字馬」的形狀，我忍着劇痛，艱難地爬起來。我哭喪着臉，蹲下身子，心想：我看別人學滾軸溜冰很快就學會的啊！還可以做出各樣花式動作呢！為甚麼到我就不能呢？我收起沮喪的心情，自言自語：「失敗是成功之母嘛！我不能就這樣放棄啊！我再試幾次吧！如果不成功，那我也沒辦法了。」

就在我想繼續嘗試的時候，一位老人叫住了我，他臉上的皺紋好像一張被剪壞的紙一樣難看。他語重心長地說：「我看你骨骼精奇，是一個滾軸溜冰的奇才！我有一個方法可以讓你馬上學會滾軸溜冰，但是……」我迫不及待地說：「我要用！我要用！」他叫我穿上溜冰鞋，扶着路燈不要動，突然他吹了一聲口哨，一隻惡犬向我撲了過來，我下意識地跑了起來，不過這次沒有摔倒，而是滑了起來。我來不及驚喜，我一個急轉彎，甩掉了惡犬。然後我回到老人身邊說：「謝謝您！」

經過這件事情，我明白了一個道理：只要堅持和用對的方法，就可以成功！

一次迷路的經過及感受

我每次一走過這幢商場，便想起了我第一次迷路的經歷。

那天，我和爸媽一起到商場買東西。突然我眼前一亮，在一家玩具店的櫥窗裏看中一個機器人玩具，於是我就情不自禁地走進去。正想問爸爸媽媽可否買下時，才發覺我們走散了。

我心中大驚，立刻放下玩具，跑出門口，四處張望，焦急地四處奔跑找爸媽，還是找不到他們的蹤影。我心想：怎麼辦？怎麼辦呢？我急得像熱鍋上的螞蟻，豆大的眼淚不禁向下摔下來。正當我不知所措之時，突然有一隻大手拍了拍我的肩膀，我回頭一看，是爸爸！我立刻轉哀為喜，放下了心頭大石。

經過這次迷路的經歷，我明白到小孩子每次自己走開時一定要告訴父母，這樣才不會走失。

我的天王巨星

相信大家一定聽過孔子這位偉大的教育思想家。雖然他是一位很久以前的歷史人物，但他是我心目中的天王巨星。

孔子是宋國殷王室的後裔，但因家道中落，自幼就和母親相依為命。

孔子是我最崇拜的歷史人物，因孔子有很多令我欣賞的好性格。

孔子是個好學的人。《論語》中記載孔子說：「我非生而知者，好古，敏以求也。」孔子比別人更加喜歡學習，無論在什麼年紀他都會堅持學習。孔子晚年時還在學習《易經》呢，這就是我們說的「終身學習」。

孔子也是一個偉大的教育家。他主張有教無類。在古代能上學的都是非官即富人家的子弟，但是他想把教育普及平民，讓學習走向民間。

我平時學習比較懶散，所以我想向這位天皇巨星學習好學不倦的精神。我長大後，也想成為一名老師，秉持有教無類的精神去教導學生。

我的天王巨星

你知道誰是我心中的天王巨星嗎？那就是萊特兄弟，他們是兩名發明家。

萊特兄弟出生於一八六七年四月十六日，在美國印第安納州米爾維爾長大，終身未婚。

萊特兄弟堅毅不屈，遇到困難也不會輕易放棄，萊特兄弟僅在一九零零年至一九零二年期間，進行了一千多次滑翔試飛之外，還自製了二百多個不同的機翼，進行了上千次風洞實驗，修正了一些錯誤的飛行數據，設計出了較大升力的機翼截面形狀；實現了可控飛行。

他們的堅毅令我感到慚愧。我很懶惰，遇到困難便會逃避不理，但我會以他們為榜樣。我決定我不再懶惰，努力溫習。

五望 蔣沚洋

我的天王巨星

你知道誰是我心中的天王巨星嗎？他是一個發明王，他就是愛迪生。

他在一八四七年二月十一日出生於美國，生在一個普通的農村家庭，由於家境貧困，愛迪生只受過三個月的小學教育，十二歲就開始在火車上工作，常常在火車上做「小實驗」，有人說：「他長大後一定是一個奇人。」

愛迪生堅毅不屈，遇到困難也不會輕易放棄。十九世紀初，人們開始使用煤氣燈，但是煤氣靠管道供給，一但漏氣或堵塞，就非常容易出事，於是他不眠不休地做出了第一個炭絲燈泡，後來不斷地改良，做出了可以點燃一千兩百小時的竹絲燈泡，還在一八八七年在西奧建立了一個很大的實驗室，在那兒，他發明了很多東西，其中他做「愛迪生」鎳鐵電池時共做了一萬多次實驗呢！

愛迪生的堅毅不屈令我深感慚愧，我遇到困難時就會放棄，當我遇到難題時，我只會逃避不理，過一天是一天，他堅毅的事跡，為他人服務的精神，很值得我學習。他老年時期，集合了一生的經歷，說出一句名言「天才是一分的天份，加上九十九分的後天努力」，這讓我決心要更加努力地學習。

五望 歐陽君偉

我的天王巨星

你知道誰是我心中的天王巨星嗎？他就是堅毅不屈的「發明大王」——愛迪生。

愛迪生生於一八四七年的俄亥俄州米蘭鎮。他在一八七四年發明了四工電報；在一八七七年發明留聲機；在一八七九年發明了電燈；在一八八零年完成整套電力配送系統設計；在一八八八年開始探礦試驗，與喬治·西屋展開交流電與直流電之戰；最終病逝於紐澤西州西橘郡。

愛迪生一生的成就並非僥倖，而是經過六百多次的實驗、勇於嘗試及敢於創新。他一生共有二千多樣發明。愛迪生家境貧困，他只受過三年的小學教育，十二歲就開始在火車上工作。雖然如此，他仍然努力不懈，刻苦學習。

我選擇他成為我心中的天王巨星，因為我曾在溫習上感到氣餒而中途放棄，但愛迪生傑出的事跡令我學會了要勇於嘗試和堅持不懈，他雖然少時貧困，又沒有受到太多教育，卻能創造很多偉大的發明，我們還有甚麼理由不努力呢？

我最想去旅遊的內地城市

哪一個內地城市是你最有興趣去呢？我最有興趣去的內地城市，就是北京。北京是我國的首都及直轄市，北京的人口約二十多萬。

二零一八年，媽媽帶着我乘搭飛機，第一次踏入中國的首都——北京！當時我的心情既緊張又興奮。首先我們到故宮遊覽，故宮有九千多間宮室，重重疊疊，全部覆蓋着黃色琉璃瓦，金碧輝煌。

另一個使我有深刻印象的名勝，就是萬里長城，它依着高低起伏的山勢而修築，最高處距離地面約一千多公尺，許多城牆都是建在懸崖峭壁上，地勢十分險要。當時我拖着媽媽的手爬上長城，媽媽害怕極了，拒絕向上走，可是我對媽媽說：「不上長城非好漢！」長城真是我國古代的偉大建築啊！

還有北京的美食真的多不勝數，更令人回味無窮！走在王府井小吃街上，有很多小食，例如：豆漿、炸酸奶、炸蠍子、羊肉串、冰糖葫蘆……真令人垂涎三尺呢！

北京——不但是一個名勝和美食的集中地，更是一個令人難以忘懷的好地方。

我最想去旅遊的內地城市

哪一個內地城市是我最想去的？那一定是成都了。

成都別稱「蓉城」。它在二零二一年的本地生產總值居中國省會城市第二位。它位於中國四川省中部。在二零二一年末，人口達二千一百一十九萬。

為甚麼成都是我最想去的地方？成都的美食十分吸引。著名的美食有：龍抄手、豆花、擔擔麪等。龍抄手皮薄餡嫩、爽滑鮮香，湯底濃郁，光是想一想，口水都成瀑布流下來了。

成都的名勝古蹟也令我期待已久。成都最出名的古建築就是望江樓，它高三十九米，樓高四層，風景如畫。望江樓屋面蓋以綠色琉璃瓦，閣基有石欄圍護，建築美輪美奐，置身其中，彷彿進入清朝之中。我也抵不住它的誘惑呢！

總言之，成都就是我最想去的地方。它就像一個寶藏，資源無窮無盡，有着不少好東西等待我們發掘。

第一次

暑假的一天，我和弟弟想學做蛋炒飯，這是我第一次做蛋炒飯，希望完成後可以給媽媽吃。

一到達廚房，我心裏有一種莫名的激動，我拿了一隻雞蛋放下鍋，靜靜地等待着雞蛋被煎熟，我想翻起雞蛋的時候，雞蛋沾鍋了，我心想：我明明按著媽媽說的做了，為甚麼不行呢？

媽媽看到了我不知所措的表情，便說：「不要灰心！你的方法不太正確。學做蛋炒飯並不難，首先要準備好要用的材料，之後把蛋黃放進米飯裏攪拌均勻，洋蔥、胡蘿蔔和火腿都切碎，最後，炒的時候把所有材料都放進鍋裏一起炒。」於是，我依媽媽的方法再做。我拿起已經切好的材料和米飯在鍋裏快速翻炒，再放了一點點鹽。之後一碟香噴噴的蛋炒飯就做好了！

這次的經歷讓我知道做飯是很辛苦的，真感激媽媽的指導和辛勞。

最難忘的一句話

過去五年小學生涯中，我認識了許多師長和同學，他們和我有很多分享、傾談和教導，而令我難以忘懷的就是鄧老師跟我說的一句話。

在我讀二年級的時候，我在導修課時常常心不在焉，別人在學校做完功課，我卻只在發呆，老師看到我這樣，就跟我說：「一寸光陰一寸金。」那時，我不明白這句話的意思，就問老師，老師便跟我解釋。

為甚麼這句話最令我難以忘懷呢？

老師的話令我不敢再浪費時間。在小學生涯中，每當我做功課、溫習又想發呆時，就會回想起老師對我說的這句話，令我真的不想浪費時間，也開始努力去學習，老師的話就是在一直鼓勵我，令我不斷進步。

直至現在，老師的話仍然在我身邊縈繞着我。雖然她不再在學校教我們，但她的話我銘記於心，也讓我畢生受用。

五愛 林曉鈞

難以忘懷的話

過去五年的小學生涯中，我認識了很多師長和同學，他們和我有很多傾談和教導，而令我最難以忘懷的就是五年級時鍾老師對我說的一番話。

那次，我考試得到了有史以來最差的一次成績。在上中文課老師派發試卷時，雙手叉腰嚴厲地對我說：「你這次成績太差了，要好好溫習，不然就要見家長。」此時我面容憔悴，很傷心地低着頭說：「對不起，我以後會努力讀書的。」鍾老師認真地說：「可立，其實你是有能力的。曾經有人說過：『個人能力當中蘊藏的潛力，遠超過自己想像以外。』所以你要付出努力，發掘自己的潛能去取得成功。」聽到老師的鼓勵，我重新振作，也對自己充滿信心。我握着老師手，感激地說：「謝謝老師。」

聽完老師的話，我明白了一個道理：要努力才会有成果，挑戰自己才能發揮最大潛能。我也體會到天下間最寶貴的，莫如時日；天下最能奢侈的，莫如浪費時日。自此以後，我每天努力讀書，成績也進步不少。

過去五年的小學生涯中，我認識了許多師長和同學，他們和我有很多傾談和教導，而令我最難以忘懷的就是在兩年前盧老師對我說的一番話。

那次，我欠交功課，但老師並沒有責罵我，而是拿着功課，平靜地柔聲細語地問我：「為甚麼你沒有交功課？」我低着頭，吞吞吐吐地說：「老……老師，我……我忘記做了。」我心裏很不知所措，也很害怕老師會責罵我，但老師仍是沒有責罵我，反而安慰我說：「尚敏，『成功無捷徑，努力再努力。』你要在學習上用功，才會成功，你要加油呢！」

自從那次以後，我就不斷努力再努力，我終於都每天準時交齊功課，而且成績也大有進步。就算功課很多，我仍能堅持每天完成功課後都會溫習，我相信一直努力，一定會有回報的。

我很感激盧老師，謝謝他提醒我的那一番話，讓我明白要有回報必須先要付出努力，而付出努力後是會有一定的回報。我今天的進步，盧老師的說話居功不小，我真感謝他。

記一次當義工的經驗

晚上，我看着手中剛剛印出來的照片，不禁讓我想起今天早上在學校舉辦的親子體驗日，真是一次既難忘又有趣的經歷啊……

早上，我懷着期待的心情走到課室，我把裝飾貼在牆上，又把桌子移到正確的位置，最後把攤位要用的東西放到桌子上，我期待已久的體驗日終於開始了！

隨着音樂響起，很多小朋友來到我和同學的攤位，我既緊張又期待，笨手笨腳地協助他們玩遊戲，完成遊戲的話就能拿到禮物。雖然我很緊張，但看到他們天真無邪的笑容，心中最後的一絲焦慮也煙消雲散了。我還拍了一張照片呢！

親子體驗日圓滿結束了！我既疲累又滿足，我慢慢地把裝飾拆下來，這真是一次很棒的經驗。我十分希望再做義工，盡自己的力量去幫助學校和其他機構。因為這是一件值得我們去做的事，可以幫助別人的同時又能令自己滿足。

記一次當義工的經驗

晚上，當我在整理相簿時，有一張相片掉下來，我拾起了它，看到照片中的婆婆，我便想起了前天參加義工活動的經過。

當天，我和義工們到了一幢唐樓下集合，我和三個義工也是去幫助黃婆婆。婆婆的家在五樓，由於沒有升降機，所以我們只可以用樓梯步行上去。當我們到了婆婆的家，已經累得直喘氣。我按了門鈴，便推開門，「嘩」我們一起大叫。房子臭氣衝天，而且堆積了很多垃圾。我心中泛起了一個疑問：這裏是垃圾房嗎？雖然房子臭氣衝天，我們也要努力展開打掃工作。

我心裏不停抱怨，也不滿這一次行動。突然，一條蜈蚣從罐子中走出來，我們嚇得跳起來。我揮動棍子想趕走牠，最後成功趕走了牠。我們不停在「地獄」裏徘徊，把垃圾分類。經過三小時的清潔工作後，婆婆的家變得乾淨了，婆婆也很滿意，我也很滿足。

正所謂：「助人為快樂之本」。我以後要多做義工，幫助有需要的人。

雲

你最喜歡哪種形狀的雲？是卷雲？積雲？還是層雲？我就最喜歡積雲。因為積雲軟綿綿的，像一塊塊可口的棉花糖一樣。我最愛在客廳觀賞積雲，經常能看到一幅幅令人覺得幸福和舒服的「油畫」，我常常被這畫面吸引着，久久不能回過神來。

積雲在下午的時候是雪白的棉花糖；黃昏的時候是焦糖色的棉花糖。有時候，它又會長得像一群群的羊兒。啊！我真想飛到天上去，享受一頓棉花糖自助餐，然後再和羊兒賽跑。

看到這群「羊兒」，令我想到：羊兒總有自己的羊圈，而「雲羊」就有藍天。我也有一個溫暖的家。羊兒總會聚在一起，怎樣也不分開。而我呢？無論是難過，還是開心的事情，我隨時都可以和家人傾訴。

每當我望向天上那群「羊兒」舒適地在「草原」裏生活的時候，我便很感恩，無論發生甚麼事情，我的家人永遠也不會離棄我，並會默默地支持我。

六信 王駿諾

雲

我最喜歡的還是積雲。看着這白白胖胖的積雲，總會叫嚷着：「啊！天空上的棉花糖好像很好吃呀！」長大後，當我看到積雲，感到無比的寫意。特別是當我外出爬山爬得筋疲力盡的時候，看到那純潔的積雲，頓時覺得很放鬆。

積雲大大的，形狀更是千變萬化。看呀！它一會變成了一條巨龍，在空中盤旋，一會兒又成了一隻大熊貓，咬住懷裏的竹子。積雲與世事一樣變化多端，令人難以揣測。但在同時，我認為它是自由的化身。平時，在學校裏的老師經常佈置默書和小測，壓力十分大，我多希望能像積雲一樣自由自在地「飛翔」！

可惜的是每當夜幕降臨，積雲也只能慢慢消散了……

六信 黎梓妍

雲

天上的雲千變萬化，它們也有多種不同的形態。我最喜歡的形態就是卷狀雲！讓我告訴你為甚麼我會那麼喜歡它吧！

我喜歡卷狀雲因為它是薄薄的一片，看起來就像羽毛一樣輕盈，有一種特別美麗的感覺。在陽光普照時，它們像穿上白裙子的少女，替我擋着刺眼的陽光，為我帶來片刻的清涼。

雲朵大部份時間是潔白無瑕的，但它們生氣時，就會變成灰色的，也就是可怕的烏雲，它們用恐怖的雷電宣洩自己的不滿。

媽媽在我做錯事時總會黑着臉，用尖銳的聲音大罵我的樣子，可真是像極了那烏雲呢！

一團團的白雲自由自在，無拘無束地飄着，也許很多人都希望自己能夠像雲一樣自由快樂吧！

六信 容梓琪

雲

我躺在大地的草原上，望着天邊的雲，彷彿看見童年的我正在玩耍。

早上的白雲，在陽光的照耀下顯得特別純美，潔白通透。雪白的雲在天空中飄來飄去，它姿態萬千。雲就像童年的我，無憂無慮，自由自在地生活。

小時候的我自由自在，沒有壓力和功課負擔。到了週末，就跟父母和哥哥一起去公園快樂地玩耍。轉眼間，幾年過去了，現在的我整天都忙於學習，都沒有時間玩耍了！

我真的很懷念從前小時候無憂無慮的生活，那時的我天真活潑，好像天上的雲，自由自在。

想着想着，天色已經昏暗了，我收拾心情，慢慢地走回家了。

六信 郭頌茵

我最喜歡的昆蟲

今早上課的時候，一隻美麗的蝴蝶從窗外飛進來，我看到牠的時候，我猶如看見了一位仙子。牠在我面前煽動那美麗無比的翅膀，我不覺看得呆了。老師便向我們介紹這位「不速之客」。

老師說：「這是一隻柑橘鳳蝶，可能是尋找花蜜而誤入這裏，雖然蝴蝶的一生很短促，但牠們也不會怨天尤人，每一天都很努力的活着，牠們從一隻弱小的毛毛蟲，通過痛苦的掙扎和不懈的努力，破繭而出，重獲新生。」

我不由得眼裏充滿了崇拜的目光，我心想着：我也要像「蝴蝶仙子」一樣熱愛生命！小小的蝴蝶，以牠優美輕盈的身姿，點綴着如詩如畫的大自然，在生活中發光發熱，因此，蝴蝶是我最喜歡的昆蟲。

我的主題樂園

你猜猜哪一個主題樂園既能讓人放鬆身心，又能培養親子感情和友情，還有多姿多采的活動呢？當然是森林樂園了。

森林樂園讓人心情愉悅。那裏的空氣非常清新，小溪發出嘩啦啦的流水聲，悅耳動聽，可以讓人忘記一切煩惱。

森林樂園的面積大概有兩個足球場大，裏面有不計其數、高聳入雲的大樹，姹紫嫣紅、花團錦簇的花朵。在森林裏散步，舒服得感覺是在雲朵上睡覺，可以卸下一整天的疲累。

森林樂園裏有很多的設施，其中就有很大的迷宮，你能和朋友親人一起合作，走出迷宮，十分刺激。人們還能在森林裏親手種樹，為大自然出一分力。這些活動既增進友情和親情，還很有教育意義呢！

這個森林樂園價格親民，還能放鬆人們緊張的心情，增進親情友情。提供各式各樣的活動，供大家玩樂，雖然這是我心中虛構的樂園，但我希望將來真的有一個能讓更多人認識大自然的美麗的樂園。

記一次當義工服務

當我在街上閒逛時，偶然看見一間老人院，令我回想起三年前那日的義工服務，還有「施比受更有福」的道理……

那日的早上，老師帶我們去一間老人院探訪老人家，本來我萬般不願意參加這次義工服務，但是老師說凡參加者，都有服務優點一個，我覺得機會難得，便硬著頭皮參加這次義工服務了。

出發前，我感到忐忑不安，我心想：那些老人家的性格會不會很固執，態度會不會兇巴巴的呢？

但當老人家看見我們時，他們的臉上都掛著溫柔慈祥的笑容，與我出發前想的完全不一樣。

我們一起玩遊戲，一起吃薄餅。到了派贈禮物的時候，我送禮物給一個老人家時，他抓著我的手說：「我的兒子三年都沒有來探訪我了，但有你們這群『小義工』出現，令我今天覺得很快樂，謝謝你們來探訪我們，謝謝你願意聽我的心聲。」聽到這番話後，我感到很傷感，同時也想：為什麼這些老人家的兒女都沒有良心，把他們的爸媽扔在這裏就算呢？

最後，這次探訪結束了，我們離開了老人院。這令我不斷思想「盡孝」的道理，丟下年老的父母，難道這就算盡了兒女的責任？經過這件事，我還明白了甚麼事是「施比受更有福」的道理，我會銘記著這一句話。

六望 賴均朗

記一次義工服務

我又在老人院當義工了，看見老人臉上的微笑，不禁勾起我第一次去老人院參加義工服務的經歷，也不會忘記那句「施比受更有福」的格言……

記得三年級的時候，老師說：「我們今天去老人院開聖誕派對，有誰自願參加？」我心想：這麼麻煩的事，我才不想做，但看見同學都去，我只好隨波逐流跟他們去了。我以為老人都是嘮嘮叨叨的，這次真的改觀了。

到了老人院，我發現他們其實十分友好。一開始，我先跟他們談天，我們談得興高采烈，他們都很和藹可親的。然後，我們吃蛋糕了！

我握著其中一位老人家的手，一起切蛋糕，這時，兩行晶瑩的眼淚從他帶紅的眼眶流下來了，我心想：我是否令他感到生氣？原來他十分激動，感謝我說：「我的兒子常常忙於工作，沒有時間陪伴我，謝謝你，是你幫我找回親人的感覺。」這時，我想起我家中的長者，我也應該多陪伴他們。

今次活動令我明白了老人需要家人的關心，我也要好好發揮愛心，關心自己的家人，那次的義工服務真的獲益良多。

日記一則

1月1日 星期一 晴

今天早上，媽媽吩咐我去市場買點菜回來，我起初是不太情願去，可是卻抵不住媽媽再三催促，我只好不情願地提着購物袋去市場買菜。

當我在買完菜回家的路上，突然有一位白髮蒼蒼的老婆婆摔倒在我面前。我被嚇了一大跳，我根本不認識這位老婆婆，他突然摔倒在我面前，讓我誤以為這個老婆婆是在「碰瓷」。我一直站在原地不敢動，生怕這位老婆婆是假裝跌倒，要欺詐我的金錢。

正當我傻楞在原地不知所措的時候，我看到遠處有一位少年人向我們跑來。那位少年人把老婆婆扶了起來，並詢問那位老婆婆有沒有大礙，有沒有受傷。

這個時候，我才猛然「回過神」來，幫老婆婆致救援電話。不到十分鐘，救護車就來了，我和那位少年人一起把老婆婆扶上救護車，目送着救護車把老婆婆送往醫院。

經歷了今天這次的意外，我明白平時生活應多點以幫助人為樂，我很後悔今天在別人需要我幫助時，我沒有立時伸出援手。在我今後的生活，我要更多去幫助有需要的人，自己也得到滿足、快樂。

雲

你們最喜歡哪種雲呢？我最喜歡的雲就是「卷雲」。因為它的形狀特別，像一絲絲的羽毛。記得一次燒烤的時候，我抬頭望着天空中一絲絲的卷雲，立即感到煩惱盡消的感覺！

卷雲很特別，它在氣流帶動下，卷雲形狀豐富多變，如蠶絲，如羽毛，如馬尾。卷雲隨著早晚變化，會呈現瑰麗壯觀的色彩，有橙紅、桃紅、白色的彩霞，像天空的萬花筒。

當我遇到困難時，我會仰望天空一絲絲的卷雲，它就像媽媽的手輕撫着我的頭，彷彿對我說：「不要放棄，繼續努力。」卷雲燦爛耀眼的色彩像媽媽溫暖的愛，圍繞着我。

卷雲有預示天氣變壞的能力，俗語有說：「天上魚鉤鉤雲，地上雨淋淋」。即使天氣變幻無常，我也不懼怕。母親啊！沒有你，還有誰會常常在我身邊鼓勵我和提示我？

我心中的主題樂園

職業樂園是我心中的主題公園，它不但規模宏大，而且遊戲設施有教育意義，還非常有趣。

職業樂園是一個具規模的樂園，面積約五萬多呎，樂園有兩個區域：有體驗區和購物區，各佔二萬五千多呎。

一進入樂園，你會先收到一本紀錄簿，可用作在樂園遊戲時記錄獲得的積分。一直向前走，你會到達體驗區，在體驗區內，你可以透過不同有趣的遊戲，體驗到三百多種不同的行業，有護士、消防員、設計師、老師……遊客還可以嘗試捉小偷、送信、教書、滅火……每當你嘗試了一種職業，遊客就可以得到積分，那些積分可在購物區購物。這個體驗區可以令小朋友體驗到父母賺錢並不容易，讓他們更懂得孝順父母。

當你玩得累了，就可以穿過體驗區，來到購物區，遊客可以用「工作」賺回來的積分去購物，購物區可以買到不同職業的道具、衣服、精品等，還可以在購物區觀賞三百多齣跟不同職業相關的電影，令小朋友可以更了解不同職業。

職業樂園能讓小朋友體驗到父母賺錢不容易，又能令兒童了解不同職業，是一個「寓學習於遊戲中」的樂園。我期盼每一位遊客進到職業樂園都樂在其中。

美好的時光

今天，我在拾房間時，發現了一張跟一位好友去日本旅遊時拍下的相片。

某年四月，正是櫻花開得最茂盛的時節，我跟一位好友到了日本觀賞櫻花。

到了日本，我們已經迫不及待，馬上乘計程車到觀賞櫻花的地方。下車後，我看到了滿地佈滿櫻花瓣，就像蓋上了一層厚厚的花被子一樣，真的令人目不暇給呢！

過了一會，我和好友一起躺在一張厚厚的櫻花被子，我感受到櫻花的溫暖，像家人的照料一樣，感到非常幸福、舒心。躺了一會兒，朋友拿出了一部照相機，我跟她拍了很多張溫馨的合照。

那次跟這位好友到日本旅遊，那段快樂的時光，至今仍在我腦海中不時浮現。可是，這位朋友已經移民到英國生活，我們不能再常見面，一起遊玩了。我深深感受到要珍惜美好的時光，也要珍惜眼前人。

我真的很懷念昔日跟好友一起遊玩的時光。如果有機會再跟這位好友相見，我一定會與她再次到日本欣賞櫻花呢！

我心目中的主題樂園

我心目中所嚮往的主題樂園是多啦A夢主題樂園，那兒充滿了許多奇幻的遊戲。

從東大門一進去，遊人就會看見多啦A夢主題樂園的第一件法寶——隨意門。進入這個高五米的巨型隨意門，以多啦A夢為故事藍本的奇幻世界就會呈現眼前。首先，你會看見許多不同種類，形象逼真的恐龍在你眼前出現。

再往前走就是第二個區域——「現代世界」。當中最受歡迎的遊戲是「竹蜻蜓環遊世界」。它應用了VR模擬人工飛行設備，帶領遊客遊覽世界各地的名勝古蹟。

第三個區域是「未來世界」。當中有各式各樣以多啦A夢道具化成的機動遊戲，如：穿透環迷宮，空氣炮射擊和時光機歷險等。款款遊戲都是令你意想不到的。

最後一區是特色餐廳。餐廳內有多種與多啦A夢中故事人物有關的特色食品，例如：多啦A夢銅鑼燒、記憶麵包、胖虎火鍋及靜香甜品等等，都令人躍躍欲試。

總之，當遊人進入了這個主題樂園，大家就像進入了多啦A夢的動畫中，讓人流連忘返。

雲

我最愛晴天的雲，最愛看一片片潔白無瑕白雲在天空中飄蕩。

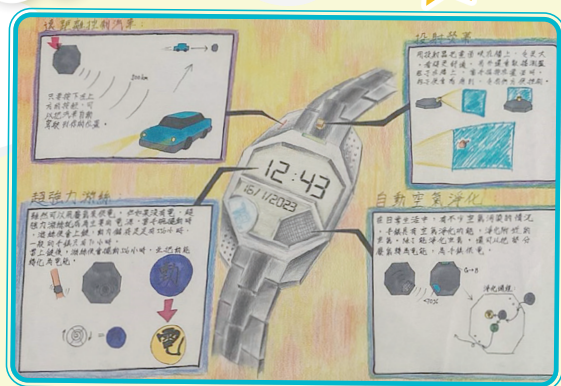

一個夏天的中午，我坐在公園的草地上，感受着溫暖太陽，一片片、一朵朵的白雲輕巧地浮在半空中，慢慢地流動。天上的雲朵展現出不同的形狀：厚厚的像棉花、大大的如雪山，小小的如珍珠，千姿百態，形態各異。

白雲在蔚藍的天空下自由自在地飄來飄去，這總讓我想起小時候那些無憂無慮的生活，我們一群小孩子不用做功課，可以天真爛漫的在廣闊的草地上奔跑，你追我躲。

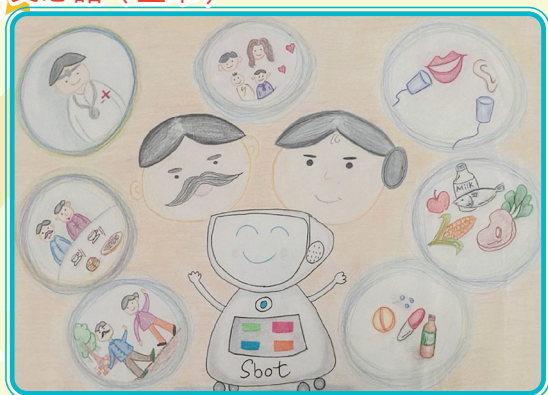

我愛看白雲，你們喜歡嗎？
